Torque Brewing Manitoba needed a few more breweries to help spread the craft beer word so we gathered up a team and started writing a business plan and swinging hammers. In August 2016, we sent our first canned beer out to the masses. Since then we have picked up a few awards, raised some money for charity, worked extra hard and had some fun along the way. Proud to be one of Manitoba's local breweries, we continue to bring new beer styles to the pint glasses of the masses. From sour styles to porters, we will forge ahead and offer up new styles and help expand the palates of beer drinkers everywhere..
